### BROWN BIN COLLECTION

The MRC de La Haute-Yamaska is proud to announce that, starting on May 31, 2018, organic materials will be collected in Saint-Alphonse-de-Granby.

You will be part of the second phase of brown bin implementation as the first complete municipality of the MRC to have an organic materials collection service.

In a few months, you will be able to divert your food and green waste from the landfill.

You will be invited to an information night next April. The MRC will send you a personalized letter to that effect. The brown bin delivery dates will also be confirmed at that time.

At delivery, you will also receive a start-up kit with a kitchen bin, a new collection schedule and a practical guidebook.

Meanwhile, if you would like more information on organic materials collection, consult our Web site at [www.haute-yamaska.ca](http://www.haute-yamaska.ca).
